In February 2015 MUGSS' production of **Patience** not only wowed audiences but also judges, winning the 2016 NODA District Award for Best Gilbert and Sullivan Production. Come and see as MUGSS whisks you back to the early 19th century, where our performance heightens the melodrama to the nearly unbelievable!

A satirical story of love, indecision, aestheticism and poetry, **Patience** tells the story of the eponymous milkmaid whom has captured the eye of the aesthetic poet Bunthorne, distracting him from the attention of every other maiden in the village. With the maidens infatuated, their military fiancées are heartbroken upon returning only to learn of their rejection. Upon the arrival of the idyllic poet Grovesnor and his subsequent proposal to **Patience**, everything gets turned upside down... just who will be Bunthorne's Bride?

"Manchester Grammar School's charming auditorium brings MUGSS to a new home with this rather impressive production, one of Gilbert and Sullivan's more amusing romps which MUGSS did so splendidly!" - Kevin Proctor, NODA
